# AFTER THE GREAT WAR CAMPAIGN PITCH

## PLOT HOOK

Timeline Placement: AGW Period

## MAIN QUEST LINES

### FILLING THE ARCHIVES

The Archives are in the business of knowing everything about anything. As the worlds rebuilding the Archives are expanding their scope to include information about other providences. Head Librarian Barba is looking for aid to discreetly find out the happenings behind the sealed Dragonborn borders. Maybe he has a way to get us past the checkpoint.

### SILVER SCALES EMPIRE

In the Snake's Head Peninsula a faction known as the Silver Scales Empire has recently rose to power. Their leader Fhakir, an all-white Yuan-Ti, is known for his vicious tactics. They've recently started a sieging the surrounding areas to expand their reign. The Sanguine Rebels could explain how to aid their war efforts.

### NINE HEROES & THE STONE TABLET

You've come across a strange stone tablet, a key to uncovering a secret conspiracy involving some of the providences highest ranking officials. After inspecting the tablet and seeing it first hand, it's enchanted with a powerful modify memory spell that is releasing hidden memories. There is some connection between this government conspiracy, the mysterious ziggurats across the land, and the end of the Godless Wars. What could they be hiding that they went to this extent?

## CHARACTER QUESTS

### BO & THE DEAN'S LETTERS

Upon visiting her home, Bo found many letters piled up from the Dean reaching out to her for her help with a special alumni program. His letters explain since Bo is Howard's niece, it only felt right to offer this opportunity to her. But the letters oddly omit any mentions of what the program is or any requirements. Might have to stop by the Dean's office for more details.

### YUI & THE MEGA MYCELIUM

There seems to be some connection between the Skaven and the Black Fungi. Seeking out other Skaven colonies might be the catalyst to uncovering the origins of the black fungi and how to stop its spreading. You've heard rumors that the oldest colony can be located north of The Archives. Might be worth traveling there.
